F. The Company will pay or reimburse the County for all costs of legal counsel, including independent bond counsel and financial advisor of the County directly related to adoption of this Resolution, consideration and adoption of the Bond Ordinance and issuance of the Bonds, irrespective of whether the Bonds are issued; and

G. The Company has proposed to make a PILOT equal to $3,300 per megawatt of generating capacity, to be shared by and among the County and Quemado Independent School District No. 2.

Section 3. In order to promote the health, safety, security and general welfare of the citizens of the County, it is the Commission’s intent to take all necessary and advisable steps to consider and, if appropriate, to effect the issuance of the Bonds in an aggregate principal amount up to $200,000,000 in order to defray part or all of the costs of the Project, which intent is contingent upon the County’s ability to successfully negotiate the division of the PILOT payment with the Quemado Independent School District No. 2. The Bonds are to be entitled substantially as follows: “Catron County, New Mexico Taxable Industrial Revenue Bonds (Borderlands Wind, LLC Project), Series 2020,” provided, however, that the Bond Ordinance may authorize a different title and series designation for the Bonds. This expression of the Commission’s intent is subject to the provisions of Section 6 of this resolution and conditioned upon the issuance of the Bonds on or before December 31, 2020, or by such other deadline for issuance of the Bonds as may be provided by the Bond Ordinance or the documents executed and delivered in connection with issuance of the Bonds.
Section 4. The Bonds shall be payable from the revenues of the Project or other moneys payable by the Company with respect thereto, and shall not constitute a debt or indebtedness of the County within the meaning of any provision or limitation of the Constitution or statutes of the State of New Mexico. In addition, if the Bonds are issued, the Company shall indemnify and hold harmless the County, the Commission and their respective officers, employees, designated representatives and agents (collectively, the “Indemnified Persons”) from and against any liability to the Company or to any third parties that may be asserted against the County with respect to the County’s ownership of or leasehold interest in the Project or the issuance of the Bonds. Nothing contained in this Resolution or in any other instrument shall be considered as obligating the County to any pecuniary liability or a charge upon the general credit of the County or against its taxing power, it being understood that no costs are to be borne by the County and that all costs incurred by the County in connection with the Bonds are to be promptly reimbursed by the Company. The County’s adoption of this Resolution shall not be deemed a conclusion or expression of approval by the County or any Indemnified Person of the Company or the Project.

Section 5. The Company, as agent for the County, will acquire the Project. For this purpose, by adoption of this Resolution, the County authorizes the Company to act as agent for the County for the purchase of wind and/or solar generation equipment used to generate electricity from wind and/or solar and related equipment as defined in Section 7-9-54.3 NMSA 1978. For other tangible personal property relating to the Project, the County will cooperate with the Company to obtain and allow use of Type 9 Nontaxable Transaction Certificates (“Certificates”) that have been properly executed for acquisition of tangible personal property relating to the Project as applicable under the New Mexico Gross Receipts and Compensating Tax Act. The Company shall not use the Certificates other than for such things as may be permitted by law, if any, nor shall the Company use such Certificates after the completion of the Project. Prior to the use of such Certificates by the Company as agent for the County, the County Manager and the Company will agree to certain procedures regarding the use of the Certificates and protection of the County from any unpaid taxes determined to be due to the Taxation and Revenue Department. No costs, expenses or other monetary relief will be recoverable from the County by vendors of wind generation equipment.

In particular, no provision of this Resolution shall in any way obligate the County or any other person to
issue the Bonds, any other bonds or in any way finance the Project; and the County retains full and complete discretion with respect thereto.

Section 7. If Bonds are issued by the County, the documentation evidencing the obligations of the Company shall provide that the Company shall make annual payments in lieu of taxes to the County and to the Quemado Independent School District No. 2 for so long as the Bonds are outstanding, as described in the installment sale agreement, lease agreement or other financing agreement entered into in connection with the issuance of the Bonds.

Section 8. This Resolution shall not give rise to a pecuniary liability of the County and shall not give rise to a charge against its general credit or taxing powers.

Section 9. The County Clerk is hereby directed, in accordance with Section 4-37-7 NMSA 1978, as amended, to publish in the Silver City Daily Press, a newspaper of general circulation within the County, a title and general summary of the Bond Ordinance relating to and authorizing issuance of the Bonds at least two weeks prior to the meeting at which the County Commission will consider such ordinance.
